We ship Nationwide

LOFT & BALE DOORS

- Utilizes the same quality construction as the Dutch Doors
- D-Latch provides both interior and exterior access on Bale Doors
- Interior 6" safety gate hook to latch Loft Doors

SLIDING DOOR ACCESSORIES

CENTERLATCH

An internal latch that joins the Split Sliding Doors together.

BRUSH SEAL

Limits air infiltration around the perimeter of the door opening without affecting the sliding action of the door.

JAMB BRACKET GUIDE

Hidden jamb bracket prevents door from pushing out and helps door alignment when opening and closing.

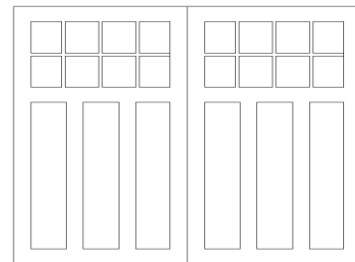

BOTTOM GUIDE RAIL

Provides door stability for large sliding doors in windy conditions as well as assisting with door alignment when opening and closing.

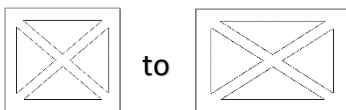

“YOUR DOOR TO HIGHER STANDARDS”

Split Sliding

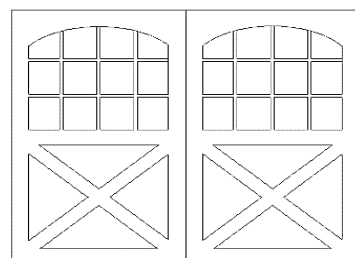

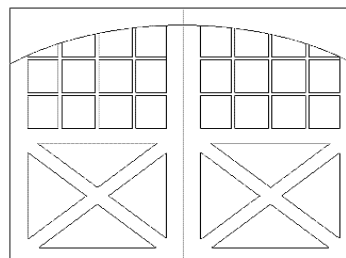

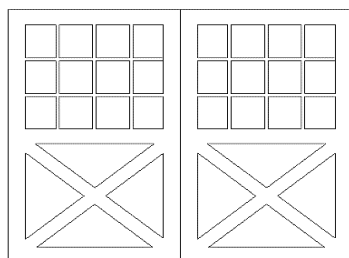

Doors

Doors over 9' tall will have a panel above the glass. The wider a door is made, the "X" will become more horizontal in appearance.
